MACDONALD EXCUSED FROM HEARING V. F. W. DISTRICT MEET TO BE HELD AUG. 19

'ROUND 'N' 'ROUND

Today's little effort is dedicated to the man who tries to cut out smoking.

And "tries" is well used "in this case."

He comes home from work, looks around the house, feels in every pocket and exclaims, "I ain't got no more cigarettes!"

"Serves you right," the wife comes back. "You smoke all together too much. Why don't you try and cut down on the number of cigarettes each day?"

"Now, that's a swell idea," friend husbands returns, all affluter. "Just think, dear, at the rate I smoke cigarettes I can save more than \$10 a month by quitting the vile weed!"

And so the bargain is entered into. He has resolved to quit smoking.

The next day at the office fellow workers pull out their pack of Old Strokes, or Lucky Camels, or what have you, and apply the match, inhaling deep puffs. They in turn offer Our Hero a cigarette.

"Nope, boys," says Our Hero. "I have ut this nasty habit. I don't smoke any more."

And the ratters ring with the flaming cry of Raz-z-z berries."

And the day passes. Our Hero has smiled benignly upon his poor fellow workers who are bowed down under this curse of smoking.

At dinner he proudly tells the better half that he has not smoked one cigarette that day—and he draws her plaudits and praise.

Comes the well known dawn. Our Hero arises, takes his shower, dons his underwear and sits down in an easy chair to enjoy his pre-breakfast smoke.

Then he remembers he has quit smoking. He arises with dignity, dresses and has his breakfast. Once he forgets himself and feels for the after-breakfast cigarette. He remembers in time and casts aside the vile weed.

And the gang at the office become fiends in human form. They smoke, blowing tantalizing blue smoke under his nose. He again resists temptation.

At dinner time he eats silently. He forgets about his noble fight against temptation. Oh, for one cigarette. His mouth is parched, his throat tickles. He drinks glass after glass of water.

In last year's suit he finds an old cigarette. He ounces upon it greedily, places it to his lips and—

"Whoa!" says Our Hero. "You can't do this. Are you a man or a fish? I shan't smoke." And he casts the cigarette into the corner behind the davenport.

Another dawn and another day of torture at the office. He arrives home for dinner, haggard, pale and drawn.

Ah, just one sweet, long puff; the glorious warmth of the smoke entering his throat—the sweet taste—ah, for this a man

PARADE TO BE HELD BY VETS

Preparations for the V. F. W. district meeting, to be held in Richmond August 19, were made at a meeting of the Honor Post V. F. W. which will act as host in the Memorial hall last night.

Nine posts will be represented at the meeting, according to the announcement last night, and three or four drum corps are expected to participate in the parade which will be held through the town.

The posts to be represented at the meet are Richmond, Astor Post, of Oakland; Emeryville Post; Hollywood Post of Alameda; Waterhouse Post of Oakland; Berkeley Post, Martinez Post, Pittsburg Post and San Jose Post.

The parade will start about 7:30 and is expected to be one of the largest ever held by the V. F. W. in this city.

Nearly a thousand veterans are expected to be in attendance, and Department State Commander H. W. Winn of Emeryville will be in charge of the meeting.

Justice of the Peace W. F. Huber of El Cerrito will act as marshal of the parade.

Banquet Planned
Following the meeting a big banquet is being planned by a committee headed by Harry Hunt.

First reading of a resolution to increase the dues of Honor Post, was held last night. Two more readings are necessary before the resolution can be voted on.

Plans were also made last night for the candidates ball to be held in the Memorial hall August 23, which according to advance indications will be a sell out.

Scout Troop
The money derived from the dance will be used to outfit the drum and bugle corps and degree team, and help defray expenses to the district convention at Long Beach next year.

Discussion on forming a Scout troop was brought up at the meeting last night by Robert Hartkopf and Ham Hamilton of Berkeley post.

Following the business session the entire lodge adjourned to the restaurant sponsored by George Sanderson, veteran service officer, which is located between Twenty-second and Twenty-third streets on Macdonald avenue.

FISHERMEN'S STRIKE ENDS

PITTSBURG, Aug. 5.—A strike that yesterday threatened to seriously cripple the fish trade, was broken today when 500 fishermen agreed to accept the offered six cents a pound for salmon, upon the advice of their representatives.

The strikers yesterday refused the proffered price and insisted on receiving seven cents a pound.

Gladstone Lodge Holds Meeting

Joe Baker and Jack Faulkner, delegates to the grand lodge convention at Los Angeles next week, received their final instructions at a meeting of Gladstone Lodge, Sons of St. George in the Memorial hall last night.

During the meeting Joe Baker was also appointed treasurer of the lodge to fill the vacancy caused by Ed Bailey, who is leaving town for a few months.

The meeting was visited last night by E. T. Vicky of Berkeley, past grand president, who delivered a few words.

DRIVER KILLED IN CRASH WITH TRAIN AT CROSSING

Funeral services for Charles Wees, of San Pablo, who was instantly killed yesterday morning in a train and automobile accident, will be conducted from the Wilson and Kratzer chapel at 10 o'clock tomorrow morning. Interment will follow at the Sunset View cemetery.

Wees was killed shortly after eight o'clock yesterday morning when a truck, driven by him, was struck by an eastbound Santa Fe train in north Richmond near the Certained plant.

According to witnesses, Wees halted his truck before making the crossing, and started up again, apparently without seeing the approaching train.

Wees was badly mangled when taken from the wreckage, which had been carried over 1100 feet before the train could come to a halt. He was rushed to the Hos-Kratzer ambulance but was pronounced dead upon arrival.

Two Held On Rum Charges

Mannuel Fontes and Tony Baroni, both of San Francisco, are being held in the El Cerrito city jail facing charges of transportation of liquor, following their arrest Monday night by Officer Howard Thullen and Arthur Peralta.

According to police reports, the men were zig-zagging through traffic in a peculiar looking coupe, when arrested. Arresting officers declared there was over 150 gallons of bootleg liquor in the car, which has been built specially for the purpose. The liquor was contained in 27 five-gallon cans, reports state.

Mrs Ruth Sprecher In Divorce Plea

MARTINEZ, Aug. 5.—Suit for divorce was today filed here by Mrs. Ruth Sprecher of Richmond, charging in her complaint, that her husband, Fred L. Sprecher, deserted her. She is represented by C. A. Odell and asks restoration of her maiden name.

John Toffoli, local accordion player and radio entertainer who was operated on for appendicitis last week is reported to be improving steadily. He is forbidden to have any company until next week.

MANY NEW PUPILS TO REGISTER

By Maynard Youngs
With the opening of Richmond public schools scheduled for Monday pupils are taking their last swim and making the most of the few remaining days left before the yearly grind commences.

Faculty members are also preparing for the coming semester, packing away their vacation clothing and scanning the program of this year's activities.

In preparation for the new semester, three faculty conferences are scheduled for Saturday.

Meet Called

B. X. Tucker, principal of the Richmond union high school, has called a conference meeting to take place in the high school at nine a. m. Saturday. F. C. Shallenberger, junior high school principal will hold his faculty meeting at 1:30 Saturday afternoon in the Roosevelt junior high school; and Walter T. Helms, superintendent of schools, has called a conference of elementary school principals for 10 o'clock Saturday morning.

Helms announced yesterday that at these conferences, the school curriculum will be laid out and preparations made for the opening of school Monday.

According to Helms, the vacancy caused by Miss Nora Ashfield's illness, will not be filled at the present time, he and Miss C. Cameron, assistant superintendent of schools, taking over Miss Ashfield's duties.

Increase Seen
Although an increase in registration is anticipated at the high school, approximately the same registration figures in the majority of the schools will coincide with those of last year.

Tucker announced yesterday that approximately 250 new pupils will enroll at the high school, making an increase of about 100 over last year. The new pupils will register at the high school Saturday afternoon, Tucker said, and old pupils will register at the opening of school Monday morning.

At the junior high and elementary schools, the registration of new

Protest Made On School Tax Wins

MARTINEZ, Aug. 5.—Action on the Oak Grove school budget was deferred by the board of supervisors yesterday, when W. H. Hanlon, county superintendent of schools refused to approve the special 15-cent building tax as requested by trustees of the district.

Hanlon's refusal was the aftermath of a protest against the levy filed by 27 residents of the district.

6 HURT IN PRISON RIOT

NEW YORK, Aug. 5.—UP—A race riot between negro and white prisoners in the prison workhouse at Welfare Island, was subdued tonight through the combined efforts of police and firemen two hours after it started.

Six prisoners were injured, according to reports to police headquarters. The rioters were marched back to their cells.

Between 50 and 100 prisoners were involved in the disorder, which caused considerable excitement because of the fact that the island is located in the East river just opposite the business section of Manhattan, and was jammed with home goers at the time the riot started.

The riot, according to police headquarters reports, was centered in the workhouse yard, where firemen kept the prisoners at bay with firehoses until police reinforcements arrived.

DEMOLAY ELECT A. W. JUDKINS

A. Weston Judkins, past master councillor of Richmond chapter, Order of De Molay, was elected vice-president of the Eastbay Councillors club, at a recent meeting at the Wayside Inn in Oakland.

Judkins was formerly treasurer of the club, which is composed of the three councillors of the nine Eastbay chapters of De Molay.

The three major offices, of which Judkins is now second highest, are filled by past master councillors.

Santa Rosa Man Pays \$200 Fine

Louis Heather of Santa Rosa, was fined \$200 yesterday by Police Judge A. G. Thompson of El Cerrito, when he pleaded guilty to a charge of reckless driving. Unable to raise the fine he is being held in the city jail.

According to police reports Heather was arrested by Officer Howard Thullen when he was seen driving down San Pablo in an allegedly erratic manner.

WEATHER

Fair and mild today and tomorrow; fog in early mornings. Moderate west wind.

BILLINGS TO BE BROUGHT TO COURT

SAN FRANCISCO, Aug. 5.—UP—The way was cleared tonight for re-appearance of the co-star of the Mooney-Billings melodrama—Warren K. Billings, convict.

Like a pale ghost out of the past Billings will within the next day or two be taken from prison and brought under heavy guard to a civilization he has not seen in 14 years.

In the courtroom where members of the California supreme court are conducting his "re-trial" on charges of planting the bomb which took the lives of ten persons in San Francisco on July 22, 1961, Billings will face his chief accuser, Estelle Smith, and try to prove her a liar.

Mooney Probe

Whether his fellow convict, Tom Mooney, will be brought from San Quentin prison for the same purpose was not indicated when Chief Justice William H. Waste, announced today that Billings would attend.

Billings, it was expected, will be exhibited in the attempt to show that the Smith woman was mistaken as to marks of identification on the man she saw "with a suitcase" on the day of the bombing. Though Miss Smith tells a story calculated to provide Billings with an alibi as to the bombing itself, his attorneys have protested that Billings can clear himself of her charges also.

Miss Smith, then an attendant at a dental office in San Francisco, testified at Billings' trial that Billings spent several minutes shortly before the bombing on the roof of the building housing her office, then "left with his suitcase."

The story she later repudiated in its entirety, but she came forward at this most recent hearing to re-

J. KIRKWOOD GETS DECREE

LOS ANGELES, Aug. 5.—UP—James Kirkwood, veteran stage and screen actor, late today won a divorce from his beautiful screen actress wife, Lila Lee, on a charge of desertion.

Kirkwood showed considerable emotion as he told Judge Ernest Weyland that he and Miss Lee had been known as "Hollywood's ideal couple" from the time of their marriage in 1923 until July 15, 1928, when they separated.

"I received a letter while I was in London in which she announced all was over between us," Kirkwood said, bowing his head. "I hurried back to Hollywood and tried to have her give me a reason. She would give me none but just left me. Many times I have asked her to return."

Miss Lee was not in court but Richard Cantillon, her attorney, stipulated Kirkwood could have a decree by default. He said that a property settlement had been made for the rearing of the couple's son, James Kirkwood, Jr., 6, who is to remain with the father.

Miss Lee has been in Arizona resting for more than a month.

Disillusioned Widow Strikes It Rich In Oil

TAHERSFIELD—UP—A few months ago Mrs. Charity Coffee, widow, and one of the pioneers of this county, counted herself as anything but rich. Her most valued possession was 80 acres of homestead in Poso creek oil district, useful only as sheep range.

As for oil, she had been disillusioned long ago as to any wealth from that source. A test well on her property had cost wildcaters thousands of dollars, only to be abandoned as a dry hole.

Today Mrs. Coffee could count herself rich, owner of royalties on a well producing 1000 barrels of oil daily.

Her good fortune was the result of an optimistic hunch of Sy Wicker, who reached the conclusion that the abandoned well had been improperly handled.

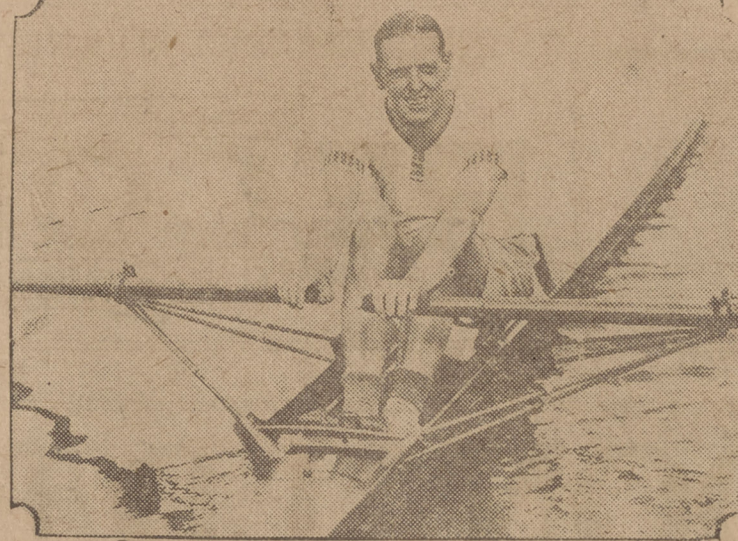

Wicker sunk casing in the hole and made a test at a level the former operators had decided was worthless. The result was an oil strike that has created excitement here and revealed a new section of the Poso creek field.

Mrs. Coffee's "worthless" ranch has been valued conservatively at \$500,000.

A fast baseball game is scheduled for this Sunday when the Moitoza Fords will tangle with the Verdon Packing company nine at San Pablo field.

The local boys defeated the Golden Crust Baking team of Oakland last week. Sid Martin, Moitoza pitcher, holding the visitors to three hits.

Martin and Moitoza will compose the battery for the locals this Sunday. The game will start at 2:30 in the afternoon.

Pets Sign Peace Pact

WHITE SALMON, Wash.—UP—Charles Olson, 12, has a strange collection of pets, natural enemies, who have lived in harmony for nearly two years.

Already possessed of Laddie, a beautiful sable and white collie, and Tuffy, a scornful Persian cat, two years ago Charles was made a present of Jerry, a white rat, which a neighbor had discovered, dirty, bedraggled and hungry on the streets of Portland.

An immediate friendship sprang up between Jerry and Laddie. Not so with Tuffy, however. Jerry might be white and he might be clean after Charles had bathed him but to Tuffy he was a rat—and Tuffy is a cat.

At his first glance at Jerry, Tuffy crouched. His tail began to sway gently and his feet twitched on the ground like a golfer getting set for a swing.

Just before Tuffy jumped, however, Laddie espied the procedure. He emitted a low growl but his indignation left nothing to Tuffy's imagination. Tuffy knew just what would happen to him if he pounced upon the rat.

Since that time Charles has named Tom as partner for Jerry, and the two rats, cat and dog have lived in harmony.

Bottle Caps Hit By Drys

MICHIGAN CITY, Ind.—UP—Manufacture of one of the chief products of the H. W. Angsten company here—bottle caps—has been discontinued, company officials announced. A United States Supreme Court decision that manufacturers of any devices used in making home brew could be prosecuted under the prohibition law was given as the reason for the discontinuation.

Shortage Rumored As Mills Close

PORTLAND, Oreg.—UP—A year or so ago when the lumber business was flourishing and sawdust was plentiful and difficult to dispose of enterprising stove dealers camped for the sale of home sawdust burners to fit every furnace. Thousands and thousands of them were sold, and were, users declare, highly successful.

This year, however, the lumber business has hit a slump. Mills are shut down or running on curtailed basis, and a thing unheard of in the northwest since the first whipsawmill was established in the Willamette valley nearly 100 years ago, a sawdust shortage has occurred.

A possibility exists, fuel dealers say, that sufficient sawdust for the winter's needs may not be forthcoming.

The shortage has extended also to slabwood, a byproduct of lumber mills, and the market for cordwood, sluggish for several years is competition with sawdust, coal, gas and oil is again strong.

Allen Leads In Kansas Election

TOPEKA, Kans., Aug. 5—UP—Senator Henry J. Allen, Rep., incumbent and senate "young guard" supporter of Hoover administration policies apparently was nominated to succeed himself in today's primary by an electorate sympathetic with federal farm problems.

Gov. Clyde Reed, his Republican running mate seeking a second term and opponent of federal farm board policies failed to win the rural support he anticipated and was trailing his opponent Frank Houcke, young state G. O. P. leader and former state commander of the American Legion.

Celebrating his sixth birthday, Jackie Walker, son of Mr. and Mrs. J. C. Walker, of 1759 Pennsylvania avenue, was host recently at a party to which sixteen of his little friends were invited.

The children spent a jolly afternoon playing games and many interesting prizes were provided for the winners of the contests.

The birthday table was daintily set with flowers and favors carrying out the pink and blue color scheme and the large birthday cake with six candles delighted the young guests. Jackie was presented with many lovely gifts.

Those who enjoyed the afternoon were: Betty Mathieson, Harry Conner, Neal and Bobby Leggett, Amelia and Lucille Bravin, Bobby Blake, Bobby and Howard Griffin, John Briano, Wilbur Russell, Billy Bass, June French, Doris Jean Brombacher, Merle Hall, Walton Gohl and Jackie Walker.

Helping Mrs. Walker in serving the children were Mrs. John Toffoli, Mrs. E. N. Leggett, Mrs. Howard French and Mrs. Lovina Pella.

HOOVER MOVES IN DROUGHT WAVE

WASHINGTON, Aug. 5. —UP— President Hoover today pledged the federal government to do all it can to bring aid and relief to the drought areas.

He said the situation had been lengthily discussed at White House conferences in which Secretary Hyde and Chairman Lege of the farm board participated. Although the government has not reached a definite program of assistance, this will soon be forthcoming, Hoover added.

Despite the president's pledge acting chairman Schilling of the federal farm board indicated that there might be serious obstacles to the government's desire to relieve the farmers.

THUNDER STORMS BRING SLIGHT RELIEF.

CHICAGO, Aug. 5.—UP—Numerous local showers, some of them almost cloud-bursts, brought scattered relief tonight to the sun baked midwest.

For the most part the deluges came too late to do much good for the curling crops of the bread basket states. Secretary of Agriculture Arthur Hyde predicted in Kansas City that the corn crop alone had been reduced 500,000,000 bushels.

Wheat was almost as badly off. So was cotton. Potatoes and garden products were ruined completely throughout the whole area. Rain, for all that, brought cheer to farmers in Missouri, Nebraska, Iowa, northern Illinois and Texas. If more rains fall, some hope was held that at least part of the crops could be saved.

New Heat Wave
The central weather bureau, however, was not overly optimistic.

"Indications are for partly cloudy and somewhat unsettled weather over the north central states tonight and Wednesday," said the weatherman, "with some possibility of a few widely scattered showers over the corn belt. Temperature changes will not be important."

Rains were reported meanwhile in Chicago, where temperatures were in the comfortable seventies, Kansas City, Dubuque, Des Moines, and west central Texas, which had been without precipitation for a month.

100 Degrees
Temperatures moderated slightly on the whole and the heat wave seemed to be moving slowly toward the east. Herkimer, N. Y., where it was 100 degrees above zero, was one of the hottest places in the country. It was 97 in Baltimore, 98 in Washington, 96 in Philadelphia, and 95 in Kansas City.

The death toll mounted, nevertheless, to 78 from the newest heat wave when 26 additional casualties were reported today. Animal life, too, was hard hit. Livestock died in some places of the heat and of thirst. In other sections, farmers slaughtered their cattle and swine because they

Purchase Of Train Tickets Here Is Urged

Extension of the principle of "home patronage" to the purchase of railroad transportation, as a boon not merely to patrons but to the community as well, was urged here by L. G. Eby, local agent for Southern Pacific company.

Residents of Richmond not only will have their own travel plans facilitated through local purchase of tickets to and from distant points, Eby pointed out, but will further advancement of their city through the stimulation of business that naturally follows the "spending of money at home."

Pointing out that many persons contemplating long journeys labor under the mistake assumption that round-trip tickets must be bought, or can be more economically bought in neighboring metropolitan centers, the agent declared that railroad transportation for anywhere in the country can be purchased locally.

That the buying of such transportation means much to the community as well as to the buyer, Eby said "it is a matter for serious thought."

"Southern Pacific Company maintains a passenger ticket office here," he declared, "but like every other business operated in an efficient manner, it expects this office to be patronized. That is what it here for, and if it is patronized by all who travel out of this community it will become an actually thriving business."

"All monies paid in here are handled through our local banks, and thus our bank clearings are stimulated. When business warrants it, additional employment is afforded local citizens, improvements are made in company property, better facilities are made possible by the railroad and other good results follow as a matter of course. Thus we feel that local purchase of tickets becomes a matter of community interest and pride."

Eby pointed out that local purchase of tickets facilitates the handling of baggage for the traveler, avoiding changes and annoyances at larger terminals.

could not provide water.

Patient Flees
It was so hot in Omaha that George Greer, patient in a hospital, fled to the outer air. He was located today, still suffering the effects of an operation. "I couldn't stand the awful heat," he said. He may recover.

The heat has been a tremendous strain on domestic relations, Mrs. Rose Chause of the Kansas City welfare department reported. "Hot weather is trying on family life," she said. "Children are cross. Parental nerves are on edge. Family quarrels result. The heat wave has brought a steady stream of husband and wife quitters to my door."

Crops Hit
Crop reports from all states were pessimistic despite the showers, so much that the price of corn shot up four cents a bushel on the Chicago grain exchange.

In Southern Indiana, where wells and streams no longer even are muddy, the water situation was critical. Residents were forced to haul the precious fluid for miles.

Why Fat Men Stay Fat

"The trouble with me, and I guess this applies to 99% of the men who are putting on weight, I didn't have the energy or 'pep' to keep it off. Lost all interest in any healthy activity and just lazed around accumulating the old pounds until I got that 'Kruschen' feeling."

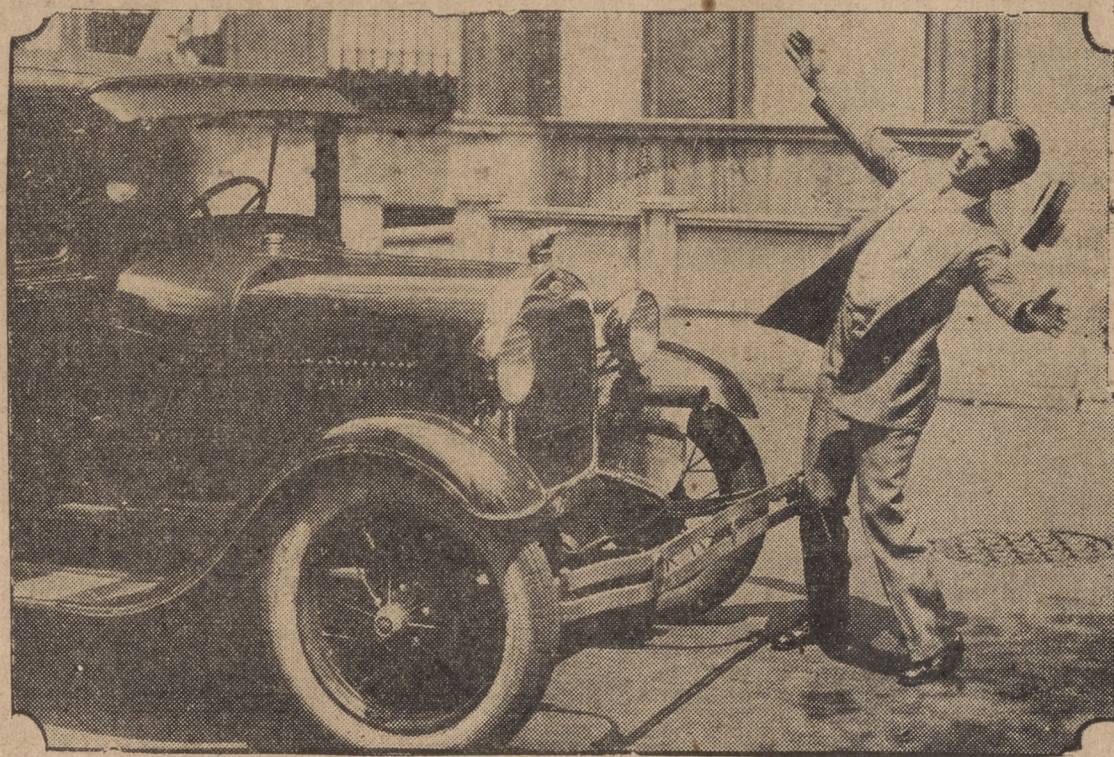

Start taking Kruschen Salts—this is the common-sense way to reduce—but don't take them with the idea that they possess reducing qualities in themselves. This is what they do—they clean out the impurities in your blood by keeping the bowels, kidneys and liver splendidly working shape and fill you with a vigor and tireless energy you'd most forgotten had existed.

As a result instead of planting yourself in an easy chair every free moment and letting flabby fat accumulate you feel an urge for activity that keeps you moving around doing the things you've always wanted to do and needed to do to keep you in good condition. Then watch the pounds slide off! Kruschen Salts are the up-to-date Fountain of Youth. Take one half teaspoonful in a glass of hot or cold water tomorrow morning and every morning—and if they don't change your whole idea about reducing, go back and get the small price you paid for them. Get an 8c bottle of Kruschen Salts—lasts 4 weeks—at La Moine Drug Co. or any progressive druggist anywhere in the world.

THERE is no good reason why your dealer should offer you something else, when you ask for

GLORIA, MATE WILL LIVE APART

HOLLYWOOD, Aug. 5. —UP—Gloria Swanson and her husband, Marquis de la Falaise de la Cordray, have found it possible to live apart and still remain the best of friends. Pointing out that they had been separated for the last year, the famous movie star said today that the arrangement will continue. "Henri plans to remain at a hotel during his stay in Hollywood and I shall continue to live at the beach," Miss Swanson said. "We have found it possible to maintain separate establishments and still be the best of friends."

The Marquis came to Hollywood last Sunday.

COAST GUARDS SLAY OWN MAN

SALISBURY BEACH, Mass., Aug. 5.—UP—Boatswain's Mate Leslie E. Pratt of the local coast guard station died today at an Ipswich hospital of bullet wounds inflicted by Coast Guardsmen from the Gloucester base who took him for a rum runner.

A hearing will be opened tomorrow into the shooting, which occurred Monday night and was believed for many hours to have been done by rum runners.

Pratt with Surtman Cleo Falkingham, was patrolling in Ipswich bay last night when the accident occurred. The two guardsmen, in a regular coast guard surfboat, were seeking a motorboat which was abandoned by two men after it took fire. The men requested the guardsmen to tow the damaged craft to shore.

Sailor Dies
About 75 yards north of the mouth of the Essex river, Pratt and Falkingham sighted a long, low, white motorboat. They thought it was deserted, and Pratt approaches it. Then, it quick succession, a flashlight blinded Pratt and Falkingham, a rifle was fired and the craft in which the two guardsmen were riding was riddled by machine gun fire.

Falkingham managed to drive the splintered surfboat out of range of the assailing craft and landed Pratt at Little Neck, Ipswich. The victim was taken to Cable Memorial hospital, where he died about two hours later.

After Falkingham's report of the shooting, it was believed that the attacking boat was a rum-runner, and coast guard craft from four stations searched for the killers.

Slayers Held
Later, it was announced here that coast guards attached to base seven Gloucester, on patrol in a privately-owned motorboat, fired on the surfboat in which Pratt and Falkingham were riding, considering it a rum-runner. Officials at Gloucester said their men first gave warning signals and then fired when the suspects turned about and failed to halt.

It was learned tonight that three Gloucester guardsmen who were aboard the boat from which the machine-gun fire was directed are in custody pending outcome of the inquiry. They are Chief Machinist's Mate Hugh Olmstead, Fireman Clifford Hudder, and another whose name was not revealed.

Doctor Says Let Baby Cry

TORONTO, Ont.—UP—The baby who cries for petting and gets it, is a potential burden on the juvenile courts, in the opinion of Dr. Alan Brown, professor of pediatrics at the University of Toronto.

Addressing the Ontario Medical Association recently, Doctor Brown said that two-weeks old infants who stop crying when their parents take them in their arms have learned to "put it over their parents like a tent."

Parents should be guided by the physicians' advice concerning the details of early training in habits of obedience and habit formation, he said.

BIG STURGEON TRAPPED

TRAVERSE CITY, Mich.—UP—A 150 pound sturgeon measuring six feet six inches in length was taken from a pound net in East Bay. The fish had a girth of three feet. Efforts are being made by conservationists to keep the fish alive in a local aquarium.

CHINESE REDS WOUND U. S. SAILOR

SHANGHAI, China, Aug. 5.—UP—Another American sailor on the United States Gunboat Palos was wounded in action while the warship was patrolling the Slang river below Chansha today.

The sailor was wounded painfully but not critically in the chest, reports said.

The Palos, under fire frequently in the last few days during the Chinese communist uprising in Hunan province, south of Hankow on the Yangtze river, was reconnoitering below Changsha when a concealed battery on an island in the Slang river, a tributary to the Yangtze, opened fire.

The Gunboat was showered with shrapnel. The Palos is reported to have returned the fire.

Five American sailors on the Palos were reported wounded in action several days ago in the same area. Changsha, capital of Hunan, was reported largely evacuated by the marauding Chinese communists today, although a few machine-gun nests and artillery units were said to remain.

Three Wounded
Three British sailors were reported wounded in the Chansha area, members of the crew of the Gunboat Teal. The Teal and the Palos have been patrolling the Slang river, assisting in the evacuation of foreigners in Changsha.

The general Yangtze valley situation, however, was believed quiet today. Reinforcements from Nanking have proceeded to Hankow, which was said to be prepared to defend itself against anticipated attacks.

Hankow is on the northern bank of the Yangtze, fairly safe from the communistic bands on the southern bank, who would have to cross in junks, a dangerous and tedious proceeding.

There are 15 foreign gunboats off Hankow at present, including two British and two American warships, and the foreign population was believed safe.

TOKIO, Aug. 5.—UP—The Japanese Destroyers Kaski, Momo and Ranagi sailed from Sasebo Naval station for Shanghai at noon today. They were ordered to China duty because of trouble in the Yangtze valley.

PARIS, Aug. 5.—UP—The foreign office today received a note from the French minister at Peking, assuring the government everything is being done to protect foreigners at Hankow.

The minister said the crisis had passed. France has one of the two remaining foreign concessions at Hankow. Japan holds the other.

LONDON, Aug. 5.—UP—Private advice received here said Chinese communist bandits severed the finger of an Englishwoman missionary and dispatched the finger to the British authorities at Peking with a letter demanding \$50,000 ransom. The woman is Miss Edith Nettleton, together with another English Missionary, Miss Eleanor J. Harrison, was captured about five weeks ago near a town called Chung-Hai, in southern China.

The letter accompanying the finger was said to have declared if the ransom was not paid either Miss Nettleton or Miss Harrison would be shot.

Neither the Church Missionary Society of London to which the two belong, nor the British Foreign Office had received confirmation of the report. Both ordered an inquiry.

Woman Freed In Court Action

KNOXVILLE, Tenn.—UP—Being drunk twice does not necessarily mean that one is a habitual drunkard. A married woman may be seen in the automobile with a man other than her husband and still be innocent of any wrongdoing. Such was the ruling of Judge Webster in divorce court here. Elmer Elliott was attempting to secure a separation from his wife, but the judge decided he did not have sufficient grounds.

MAGNET CLEARS ROADS
PHOENIX, Ariz.—UP—During the past two years, the Arizona highway commission's "home built" magnet, which scrapes highways of the state has collected 150,000 lbs. of iron nails, screws, bits of wire and machinery from roads.

LEGAL NOTICES

ORDINANCE NO. 664.

AN ORDINANCE OF THE CITY OF RICHMOND REGULATING THE MAINTENANCE OF PIPES, MAINS, CONDUITS AND CAR TRACKS IN OR UPON PUBLIC STREETS OF THE CITY OF RICHMOND AND REPEALING ORDINANCE NO. 574 AS AMENDED BY ORDINANCE NO. 574. The Council of the City of Richmond do ordain as follows: SECTION 1. Whenever any pipe, main, conduit or car track in or upon any public street in the City

of Richmond is situated or located so as to interfere with, impede or prevent the performance of any public work or improvement in or upon such street, or whenever any such pipe or main used for the carrying or transmission of water is so situated or located that it is likely to become broken, crushed or damaged in the performance of any such public work or improvement, the person, firm, corporation owning, operating or maintaining such pipe, main, conduit or car track shall upon written notice in the form as hereinafter provided in Section 4, from the Superintendent of Streets of the City of Richmond lower, raise or otherwise move such pipe, main, conduit or car track so that the same shall not so interfere with or be so damaged by such public work or improvement.

SECTION 2. Whenever any existing pipe line or main or portion thereof used for the carrying or transmission of water in any public street in the City of Richmond being improved or about to be improved, as aforesaid is found by the Superintendent of Streets to be deteriorated to such an extent that it is leaking or likely to leak and therefore likely to injure and damage any pavement, base or sub-grade being constructed or about to be constructed in or upon such street, the person, firm or corporation owning, operating or maintaining such pipe or main shall upon written notice in the form as hereinafter provided in Section 4 from the Superintendent of Streets, remove such deteriorated pipe and replace it with new pipe.

SECTION 3. Whenever any existing pipe or main or portion thereof used for the carrying or transmission of water in any paved public street in the City of Richmond has deteriorated to such an extent that by reason of leakage of water therefrom the pavement of such street is being damaged, the person, firm or corporation owning, operating or maintaining such pipe shall upon written notice in the form as hereinafter provided in Section 4 from the Superintendent of Streets, remove such deteriorated pipe and replace it with new pipe.

SECTION 4. Whenever it becomes necessary for any of the reasons hereinabove set forth to require the lowering, raising or otherwise moving of any pipe, main, conduit or car track in or upon any public street, the person, firm or corporation owning, operating or maintaining such pipe, main, conduit or car track shall, within twenty-four hours after the receipt of such notice commence the work required thereby to be done and shall continue and complete the work without delay and within the time specified in said notice by said Superintendent of Streets.

SECTION 5. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punishable by a fine not exceeding five hundred dollars or by imprisonment in the city jail of the City of Richmond for a term not exceeding six months or by both such fine and imprisonment. SECTION 6. Every day that any person, firm or corporation fails, neglects or refuses to comply with any notice given by the Superintendent of Streets hereinbefore provided shall constitute a separate and distinct offense under this ordinance.

SECTION 7. Ordinance No. 547 as amended by Ordinance No. 574 of the City of Richmond is hereby repealed.

SECTION 10. This ordinance shall take effect and be in force on and after its final passage. I hereby certify that the foregoing ordinance was duly passed and adopted by the Council of the City of Richmond at a regular

meeting thereof held on the 4th day of August, 1930 by the following vote:
AYES: Councilmen Scott, Paulsen, Fenner, Chandler, Imbach, Meyer, Johnson, Hartnett and Hinkley.

MACDONALD IS EXCUSED AT HEARING

(Continued from Page 1)

pudiate her reputation and tell still another story. It was Billings she saw, she now says, and he later confessed to her in his cell that it was he who was in her office, that his suitcase was filled with a syringe and jars of acid which he was spraying on automobiles as an act of hired sabotage.

Identifies Man

At the trial and at the recent hearing, she identified Billings by a shriveled thumb nail and a mole on his forehead.

Billings' attorney, Edwin V. McKenzie, has announced that he will prove that the shriveled nail was on the left thumb instead of the right—important only insofar as it might shake Miss Smith's veracity, as she always contended she knew it was on his right hand because she observed it when they were in the act of shaking hands.

As Billings prepared to enter the picture, the hitherto star performer made his departure. Old John MacDonald, whose testimony that he saw Mooney and Billings plant the suitcase presumably containing the bomb was a bulwark of the prosecution, was excused today, and will return to Baltimore.

Pack of Lies

MacDonald came across the continent to repudiate his first testimony and try to convince the court that it was "a pack of lies" instigated by officials of the prosecution. However, he will succeed will not be known until the court makes its decision.

He was given a last opportunity today to clear up the many discrepancies in his newest story. "You are going away now," said Associate Justice Preston, "and this is your last chance. Can you explain some of these contradictions?" The old man hung his head and said "no."

He departed as he entered, on a note of confusion and seemingly inexplicable contradiction. Just before he left the stand, he said:

Goes Away

"When it looked like my testimony would hang Tom Mooney I made up my mind that, before I'd see him hanged, I'd go to the Governor and tell the truth."

"But you turned around and testified against his wife, when presumably, your testimony would hang her," he was reminded.

The old man sighed wearily. "Yes, I can't explain that," he said.

Though Chief Justice Waste would not say when Billings would be brought down it was surmised that it would be Wednesday.

HUSBAND KILLS SELF, WIFE FOLLOWS

SAN FRANCISCO, Aug. 4.—UP—For many years W. L. Smith and his wife shared everything they had and police decided here tonight that they had followed this practice even to drinking from the same bottle of poison when Smith believed that he should die so that his wife could secure enough money for food and lodging.

The bodies of Smith, who was 69, and his wife, who was 75, were found in their humble, sparsely furnished apartment today.

Smith had written a note to his wife which said:

"Clara: I know you have no money and when I paid all the bills I had 60 cents left, so this is the only way out for me and you. You are old enough to get the pension (state old age allowance) if you were to take it and I will be out of your way."

Police believed that when she found this message she immediately picked up the bottle from which Smith had drank and took what remained.

Records of associated charities showed that Mrs. Smith had appealed for aid and received \$7, but six days before she and her husband died. She wrote a letter refusing keep and indicating her pride was responsible for the denial.

SCHOOLS WILL OPEN HERE MONDAY

(Continued From Page 1)
pupils will make the total enrollment about the same as last year.

School Plans

Enrollment at the Continuation school will depend upon labor conditions this year, S. E. Wilson, coordinator of the school, announced yesterday.

"If labor conditions improve," Wilson said, "the chances are that more pupils will leave school to work, and will be forced to enroll in the part time classes."

Mrs. Helen Shelden and Wilson are in charge of the continuation school.

New Law

A new law that has been passed recently in connection with the part time school, will make a slight difference in the enrollment this year also, Wilson declares.

The new law states that pupils under 18 years of age who have not graduated from high school are compelled to attend part time school three hours daily, unless steadily employed.

Pupils who are steadily employed however are only compelled to spend four hours a week in the school, Wilson said.

New Teacher

Miss Belle Haven is the only new addition in the part time school. Helms announced yesterday, Miss Haven who was formerly a member of the Roosevelt junior high school faculty, was given a leave of absence last year and has just recently returned.

Helms said yesterday that with the exception of Phillip Hempler, who will take over Major Ivan Hill's duties as coach and athletic director of the high school, and the appointment of Frank Ribbel as assistant coach at the high school, that no major changes will be made this year in the school faculties.

Teacher Active

Maj. Hill, who was appointed city recreational director to fill the vacancy caused by the death of the late W. L. Seabright, will make his offices in the Lincoln school.

Several teachers returning from leaves of absence will fill the places of other teachers who have resigned or been given leaves of absence.

The teachers returning this year are Miss Eihler, Mrs. Loran Whitlock and Miss Gladys Denby.

New Aircraft Building For Navy Looms

WASHINGTON, Aug. 5.—UP—The navy general board has before it a recommendation that the navy enter a new gigantic airplane building program, contemplating construction of 1000 planes to cost \$85,000,000. It was learned on high authority today.

This program, if approved by the board and authorized by congress, would supplement the present five year program now in its last year, under which the navy was authorized to build 1614 planes at a total cost of \$85,078,750.

Inasmuch as the present program authorized in 1925 failed to provide planes for the 69,000 tons of new aircraft carriers allotted to the United States under the London naval treaty the board must recommend to congress authorization of this new program if it deems it advisable to build up to the treaty limits.

Hold—no, I shall never surrender to temptation. Get ye away, Satan.

He has resolved. His mind is made up. He will be a new man. He is never going to smoke again.

At ten o'clock that night he gets up on his hands and knees clings under the davenport and fishes around until his eager hands clutch the cast aside cigarette. He flashes guiltily, avoids his wife's gaze and hurries outside to light the forbidden flag.

He returns—to the room, smiling again. "Dear," he says, "I just figured it up and I don't spend \$10 a month for cigarettes—I only spend \$9.89 a month—and that isn't bad."

And next day he steps up to the cigar counter and yells "Gimme a couple packs of Old Nonchalance."

Youth Held On Machine Theft Count

After a wild chase in which his car overturned, Richard Reno, 17, 374 Fifth street, San Francisco, was arrested by Officer Floyd Gilbert of the El Cerrito police department at Central and San Pablo avenues yesterday.

Investigation proved that the car driven by the youth was reported stolen to Emeryville police, and Reno was turned over to the police department of that city.

According to police reports, Reno, when chased by Gilbert, attempted to speed up, but his car skidded and overturned on the pavement. Gilbert declared Reno was speeding well above the limit. The youth was slightly injured in the crash.

HANLON TALKS AT LIONS MEET

An attempt to defend the exorbitant cost of schools was made before the Richmond Lions club yesterday by W. H. Hanlon, superintendent of county schools.

In his address Hanlon declared that school fund figures submitted by the county unit of the California Taxpayer's association are "misleading" and that in other counties the cost of education has increased 25 per cent in the past decade.

While Contra Costa county's cost has increased "only 185 per cent," Hanlon closed his address with a plea for the centralization of school administration, declaring that there are more than 200 members of school boards that are doing work that could be done by a few efficient men.

J. O. Ford, city accessor, was chairman of the day. The Lions club orchestra, directed by Denny Shaw provided the music.

Lester Bottom In Hospital

Lester Bottom, an employee of the Mechanics Bank, entered the U. C. Hospital in San Francisco recently to undergo treatment for his health. He is the son of Mr. and Mrs. D. S. Bottom, 425 Twentieth street.

Robbery Suspect Is Arraigned

MARTINEZ, Aug. 5.—Walter Hainline, alleged to have robbed an El Cerrito chain store was arraigned before Superior Judge A. B. McKenzie today and Aug. 11 was fixed as the date for hearing his plea.

According to police reports, Hainline, when arrested, told officers he was awaiting trial in Los Angeles on a burglary charge.

chairman of the day. The Lions club orchestra, directed by Denny Shaw provided the music.

George N. Rooker, president of the Rotary club and local manager of the Pacific Gas and Electric company, who is leaving for a middle west to head a large public service corporation, was given a farewell demonstration.

Millionaire Air Pilot Dies In Crash

CLEVELAND, Aug. 5.—UP—Joseph Kundtz, 30, son of Theodore Kundtz, multi-millionaire cabinet manufacturer, was killed today when his airplane crashed from 3,000 feet near here.

Leonard Root, 31, whom Kundtz had as passenger, saved himself by leaping with a parachute.

Kundtz's plane went into a spin, and he was unable to right it.

Woman 102 Leaves Relatives' Home

OAKLAND, Aug. 5.—UP—Something new in the line of "run-away girls" was reported to police here today when relatives asked that search be instituted for Mrs. Josephine Cunha, age 102, who had disappeared from her home.

Mrs. Cunha took with her a package of food and an extra pair of stockings. Her worried relatives said she has "never been away from home all night before."

MRS. LINDY TO OWN HER OWN PLANE

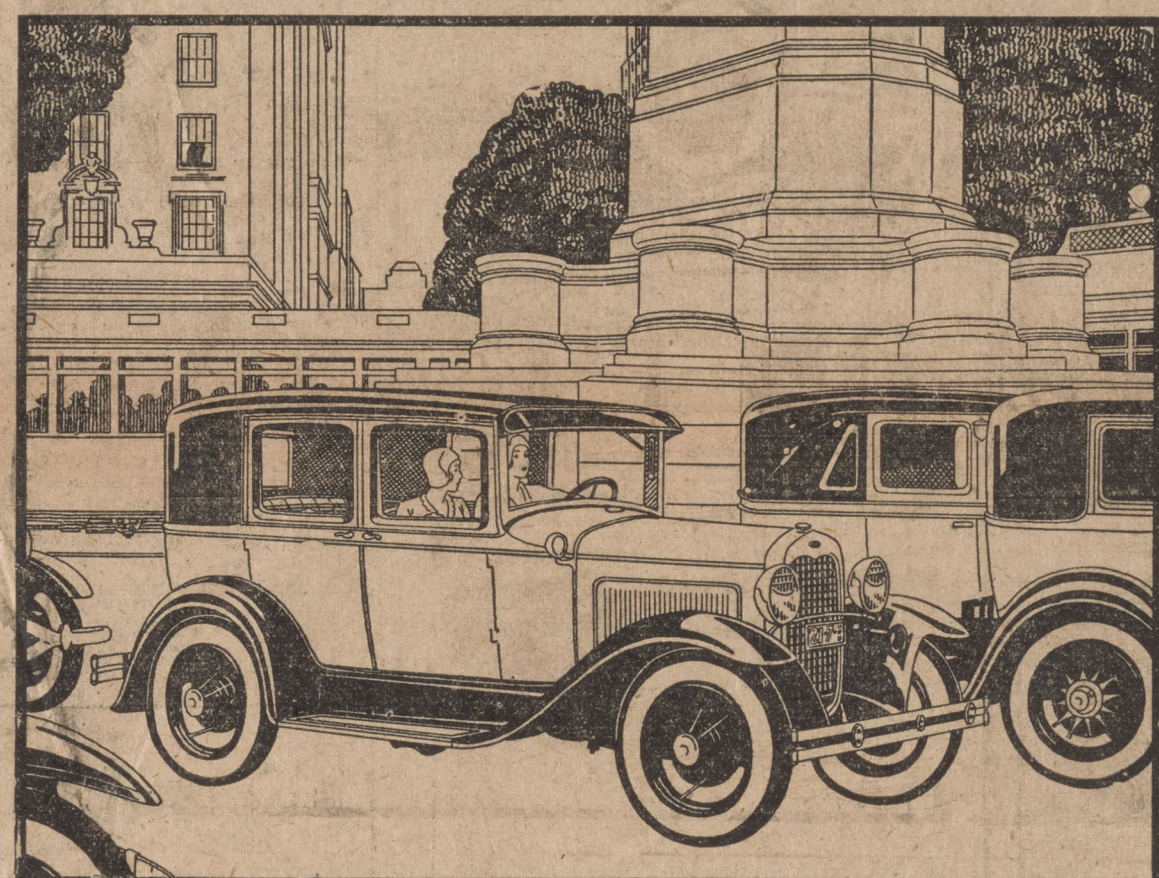

NEW YORK, Aug. 5.—UP—Mrs. Charles A. Lindbergh is to have a plane of her own in a few days.

Her husband attracted attention yesterday when he purchased a new model, capable of seating three persons. It was believed young Charles August, Jr., might be taking his first flight soon.

Lindbergh said that when the new plane is delivered, his wife will seek her pilot's license. It is possible the couple will fly soon to the Morrow summer home at North Haven, Me., taking their small son with them.

Meeting the Needs of Millions of People

The low-priced automobile has brought greater opportunity and added hours of recreation to millions of men and women

BECAUSE the automobile is such an important factor in the lives and prosperity of so many people, the purpose of the Ford Motor Company is something more than the mere manufacture of a motor car.

There is no service in simply setting up a machine or a plant and letting it turn out goods. The service extends into every detail of the business—design, production, the wages paid and the selling price. All are a part of the plan.

The Ford Motor Company looks upon itself as charged with making an automobile that will meet the needs of millions of people and to provide it at a low price. That is its mission. That is its duty and its obligation to the public.

The search for better ways of doing things is never-ending. There is ceaseless, untiring effort to find new methods and new machines that will save steps and time in manufacturing. The Ford plants are, in reality, a great mechanical university, dedicated to the advancement of industry. Many manufacturers come to see and share the progress made.

The greatest progress comes by never standing still. Today's methods, however successful, can never be taken as wholly right. They represent simply the best efforts of the moment. Tomorrow must bring an improvement in the methods

of the day before. Hard work usually finds the way.

Once it was thought impossible to cast gray iron by the endless chain method. All precedent was against it and every previous experiment had failed. Many men had shut their minds to the possibility of change. But fair prices to the public demanded that wasteful methods be eliminated in this operation. Finally the way was found and old methods gave place to new.

A better way of making axle shafts saved thirty-six million dollars in four years. A new method of cutting crankshafts reduced the cost by \$500,000 a year. The perfection of a new machine saved a similar amount on such a little thing as one bolt. Then electric welding was developed to make many bolts unnecessary and to increase structural strength.

Just a little while ago, an endless chain conveyor almost four miles long was installed at the Rouge plant. This conveyor has a daily capacity of 300,000 parts weighing more than 2,000,000 pounds. By substituting the tireless, unvarying machine for tasks formerly done by hand, it has made the day's work easier for thousands of workers and saved time and money in the manufacture of the car. All of these things are done in the

interest and the service of the public—so that the benefits of reliable, economical transportation may be placed within the means of every one.
